- **Our Personal Loans**

The Credit Union offers a range of Personal Loans. The availability of all Personal Loans offered by the Credit Union is limited to persons who are paid up Members of the Credit Union who meet any such other conditions as may be imposed by the Credit Union from time to time.

We charge interest on all of our Personal Loans at a variable rate, this means that the interest rate may change over time and that your borrowing costs may increase. We will notify you in writing before any change to a variable interest rate.

All Personal Loans are subject to underwriting, during this assessment, loan affordability and your ability to repay the loan will be the primary factors considered in determining whether to grant credit. If the Credit Union intends to use credit checks as part of underwriting, you will be informed of this as part of your loan application and it may be a necessary condition of loan approval that credit checks take place.

The Credit Union may also consider any other factors it believes reasonable and prudent in determining credit risk as part of underwriting. These factors may include, but are not limited to; your age insofar as the amount or duration of the loan applied for may be considered unsuitable for you, reasonably foreseeable changes to your circumstances, the availability and quality of security or the availability of a guarantor.

We do not charge any additional fees for application or account maintenance so the total cost of credit to you is reflected in our interest rates. The current interest rates for our range of
